### 2018 Election Spotlight

October 17, 2018

For the 2018 midterm elections, the NFRW's goal is to **DEFY HISTORY** by holding on to our Republican majorities in the House and the Senate (historically, the President's party almost always loses seats in the midterm election).

#### **WE NEED YOU TO HELP!**

Between now and election day, the NFRW will be profiling Republican candidates in the top Senate races as well as key Republican women in or running for the House. These races are key to maintaining Republican control of the House and Senate.

#### Let's Re-elect **Mia Love** in Utah's 4th Congressional District!

#### **WHY is MIA running?**

Congresswoman Love has taken a stand in Washington as she has raised Utah's voice in the House of Representatives. She is a tireless advocate of the need for personal accountability and the possibilities that come to every citizen when power remains in the hands of the people.

- **Reforming Government:** Pushed for reforms to make government more efficient and effective; introduced the “One Subject at a Time Bill,” designed to compel Congress to pass transparent legislation without handing out special privileges to special interests.
- **Putting Utah First** in every vote she takes; working to protect Utah’s resources, protect businesses in Utah from onerous taxation, and ensure funding for state transportation projects.
- **Helping the Middle Class:** While still a freshman in Congress, passed legislation to expand access to credit for middle-class families and small-business owners.
- **Tackling the Big Issues:** During the 114th Congress, introduced or co-introduced 10+ pieces of legislation addressing issues such as college affordability, medical doctor shortages, veterans' benefits, access to credit, and labor issues; worked with her colleagues and co-sponsored more than 160 pieces of legislation addressing issues such as overspending, immigration, poverty, veterans’ benefits, healthcare, education, energy, and much more.

Congresswoman **Mia Love** energized attendees at the NFRW Region 1 conference in Salt Lake City earlier this year.
