VARNEY: Before the 2016 election, people said there is no way a business guy, a maverick like Donald Trump could possibly get elected, and he was. And they are saying the same things about Bernie Sanders now, there's no way a socialist can get elected, what do you say?

CHAIRWOMAN MCDANIEL: I don't think a socialist can get elected. I mean, let's look at this, I think Donald Trump will get reelected because of what he's done. Like you just talked about, the economic numbers are so strong, 90% of Americans feel good about where they are. They're better off than four years ago, unemployment rates at record low, the president has delivered, and the president is going to get reelected because of what he's done in office.
